ECECS 2029/HN2005 Group Interview Tasksheet

Aim: To participate in a group interview for a summer engineering internship position.

Course Aims

This assessment is linked to the following course aims:

- develop key language and communication skills for prospective engineers
- develop spoken and written employability skills for engineers

ILOs

This assessment provides evidence of achieving the following intended learning outcomes:

- produce relevant and appropriate written and spoken information for job seeking, incorporating Equality, Diversity and Inclusion (EDI) principles
- interact effectively in an interview context

AHEP 4 Coverage

This assessment works towards meeting the following AHEP 4 criteria:

- C11 EDI: Adopt an inclusive approach to engineering practice and recognise the responsibilities, benefits and importance of supporting equality, diversity and inclusion.
- C16 Teamwork - Function effectively as an individual, and as a member or leader of a team.

Interview Details

This assessment is linked to the Portfolio created in response to a given job advertisement (**ECECS 2029/HN2005 Engineering Internship Post 2026**) for a short term, summer internship. This is a simulation task where you take part as an interviewee applying for the post. There will be 2 teachers assessing you. One assessor plays the role of the interviewer.

You will be assessed during an interview lasting **approximately 20 minutes**.
You will be **paired** with another student in the interview and there may be the need for groups of 3. Where that is the case, the interview will be extended appropriately. You are assessed individually.

Schedule

The interviews take place in **Week 8 (Monday 20th April – Friday 24th April**). They will be mainly during the sessions for ECECS, but we may also require you to attend at a different time if the schedule requires this. We will check with you in advance if this is the case.

You will need to attend for **30** minutes. You will be told the timetable for assessment in advance of the interview, in **Week 7**.

You must come to the assessment **10 minutes before** your allocated assessment time.

Remember, as there is **no reassessment opportunity** for the Group Interview, you must ensure that you attend this assessment.

Before the interview (CS 12 gives specific preparation time)

- Ensure you are familiar with the Internship Post you have applied for.
- Work with others to prepare for the interview.
- Read through the potential sample questions provided and practise answering, using your own application as a base.
- Practise introducing yourself in response to an interviewer saying, 'Tell me about yourself'.
- Practise discussing your Project proposal.
- Practise discussing EDI issues
- Prepare questions to ask about the post/the organisation.
- Do other preparation as required.

During the interview

- Introduce yourself and answer the *Tell me about yourself* question. This should be a very brief introduction.
- Respond to questions from interviewer and the other interviewee(s), asking for clarification as required.
- Use the STAR technique where appropriate.
- Engage in discussion with the other interviewee(s) about your project proposal
- Ask a question about the post or the organisation.
- Thank the interviewer for the interview.

Notes

- You must bring your student ID with you to the assessment
- No notes are allowed in the assessment room (any brought in will be removed)
- You are allowed to bring blank paper and a pen with you.
- No phones or other electronic devices are allowed.

Assessment and grading

This assessment constitutes **10%** of your final grade for this course. Your performance will be graded by 2 assessors.

You must achieve a minimum of **D3/9** in the combined grade for Interview and Paired Presentation to evidence that you meet the progression requirement for Speaking and Listening.

The interview is graded using the University of Glasgow Schedule A. The interview receives an overall grade. You will not receive grades for individual criteria.
The following grades will be awarded:

A Grades Excellent	**B Grades Very Good**	**C Grades Good**	**D Grades Satisfactory**	**E Grades Weak**	**F Grades Poor**	**G Grades Very Poor**	**H Grade No Evidence**
A1/22	B1/17	C1/14	D1/11	E1/8	F1/5	G1/2	H/0
A2/21	B2/16	C2/13	D2/10	E2/7	F2/4	G2/1	
A3/20	B3/15	C3/12	**D3/9**	E3/6	F3/3		
A4/19							
A5/18							

The assessors will consider your overall **Communicative Effectiveness** in Interview Skills. They will assess your performance in the interview and consider 3 areas of competence:

- **Interaction**
- **Language Control**
- **Pronunciation**

The coverage of each area is available on the next page.

Academic Integrity Statement

As with any *written* assignment, it is expected that you meet the Code of Student Conduct. You are not allowed to copy information and learn this off as a script. The responses you give should be personalised and linked directly to the Portfolio you produced.

AI Statement

You **must not** misuse generative AI in this assignment. For example, you cannot generate answers for the interview. **Doing so would compromise the integrity of the assessment**.

The purpose of assessment is to demonstrate to the marker that you **understand the course materials** and can **meet the ILOs**. In this assessment, we look for evidence that you can interact effectively and produce appropriate spoken information in a job seeking context. Using AI generated responses make this impossible and breaches the Code of Student Conduct.

An assessment must evidence **the work of the student**. Therefore, in a speaking and listening assessment, you are required to respond and interact spontaneously and naturally.

No mark will be awarded while an assessment is under investigation for Academic Misconduct.

Marking Criteria for Group Interview 2026

A. Coverage

Your assessors will use the following areas for assessment purposes. You receive a single Grade (A1 – H) based on your overall performance in the interview.

Communicative Effectiveness (Interview Skills)
• Fulfilment of task • Interview contributions • Interaction • Communication strategies (dealing with problems) • Engagement (verbal and non-verbal communication, showing interest (e.g. back channelling, nodding, smiling)) • Overall impression on the interviewer and other interviewee.

The criterion of Communicative Effectiveness is considered holistically, taking account of these 3 detailed areas.

Interaction (Questioning & Responding)	Language Control (Accuracy & Range)	Pronunciation (Clarity & Delivery)
• Relevance of answers • Conciseness of answers • Use of STAR techniques • Requesting, giving clarification; adding comment • Relevance of questions • Clarity of questions • Fluency / response rate • Need for support	• Range and accuracy of grammar • Range and accuracy of vocabulary • Appropriacy of grammar and vocabulary • Effect of errors	• Clarity of individual sounds • Pronunciation of key words (stress + sounds) • Sentence stress, rhythm & intonation • Intelligibility • Effect on listener

B. Grade explanation

Based on your performance you will be awarded an overall Grade. You will also receive written feedback on your performance.

A1 – A5	Highly effective performance
B1 – B3	Very effective performance
C1 – C3	Effective performance
D1 – D3	Satisfactory performance
E1 – E3	Weak performance
F1 – F2	Poor performance
G1 – G2	Very poor performance
H	Very little / nothing to assess
